ITALAPPALTI d.o.o.

ITALAPPALTI GROUP

TEHNO RENT

Osnovne informacije

Italappalti Grupa ima za cilj da koordinira aktivnosti svojih članova u cilju postizanja tehničke, finansijske i administrativne koristi u poslovanju.

Zahvaljujući svom efikasnom i autonomnom upravljanju, dinamičnoj prirodi i organizacionoj strukturi, Italappalti Grupa je u potpunosti spremna da ponudi usluge koje zadovoljavaju nacionalne i međunarodne standarde, i izvršava sve buduće poslove u skladu sa specifikovanim zahtevima na najvišem nivou kvaliteta, konkurentnosti i profesionalnosti.

General information

Italappalti Group is aiming to co-ordinate activities of their members in order to gain all technical, financial and administrative benefits in their activities.

Thanking to its efficient and autonomy management, dynamic nature and organization structure, Italappalti Group is fully prepared to offer its services that meet national and international standards, and execute all future projects according to specific requirements on the highest level of quality, competitiveness and professionalism.

Osnovne informacije

Italappalti Grupa je sposobna da preuzima poslove „ključ u ruke“ u javnom i privatnom sektoru, samostalno ili udružena sa drugim kvalitetnim kompanijama.

Visoka tehnologija u kombinaciji sa sopstvenim iskustvom predstavlja izvanrednu kombinaciju, prihvatljivu svakom potencijalnom klijentu, garantujući im ozbiljnog, kvalifikovanog i posvećenog partnera u poslu.

Italappalti Grupa može dovoditi spoljne kompanije u kontakt sa svojim članovima, u ulozi izvođača, podizvođača, dizajnera i dobavljača.

General information

Italappalti Group capable of undertaking turnkey projects participating in both public and private sector, independently or in conjunction with other competent companies.

The high technology coupled with their experience present a formidable combination which will be acceptable to any potential client assuring that their customers have a serious, knowledgeable, dedicated and formidable partner in business.

Italappalti Group can put various external companies in touch with their members in role of contractors, subcontractors, designers or suppliers.

Osnovne informacije

Znanje i iskustvo koji su generisali taj visoki ugled Italappalti Grupe na tržištu Srbije, i koji je i danas drže na čelu konkurencije, osigurava postizanje visokog nivoa poslovnog uspeha, omogućavajući klijentu kontinuirane pozitivne poslovne rezultate i povraćaj investicije u najkraćem mogućem roku.

Uverena u ogromne potencijale za rast poslovanja u Srbiji, Italappalti Grupa planira da pokrene ambiciozan program za naredne godine, u cilju širenja u oblasti građevinskih poslova. Pri tome, namerava da ulazi i u strateške saveze sa kvalitetnim lokalnim partnerima, nudeći know-how, ali i angažujući lokalnu radnu snagu na profesionalan i profitabilan način.

General information

The knowledge and experiences which has earned that high reputation of Italappalti Group on the Serbia market and nowadays keep them ahead of the competition, can assure achieving a high level of business success and placing their customers in continuous positive results and unique return-on-investment in the shortest possible time frame.

Confident of the endless potential for business growth in Serbia, Italappalti Group is planning to launch an ambitious program for the next years aimed at the expansion in the field of Civil Construction projects. In doing so, intends also to enter into strategic alliances with capable local partners attracting know-how, but also engaging the local man power in a professional and profitable manner.

Osnovne informacije

General information

Italappalti Grupa deluje po principu tradicionalne poslovne etike, kako bi obezbedila lojalnost i poverenje svojih klijenata, i održala svoju reputaciju pouzdanog poslovnog partnera ili saradnika. Jedan od njenih osnovnih etičkih ciljeva je stvaranje čvrste i dugoročne poslovne saradnje.

Kažu da postoje tri karaktera: oni koji čine da se stvari dešavaju, oni koji gledaju kako se stvari dešavaju, i oni koji se pitaju šta se dogodilo.

**Itallappalti Grappa je od onih
KOJI ČINE DA SE STVARI DOGODE!**

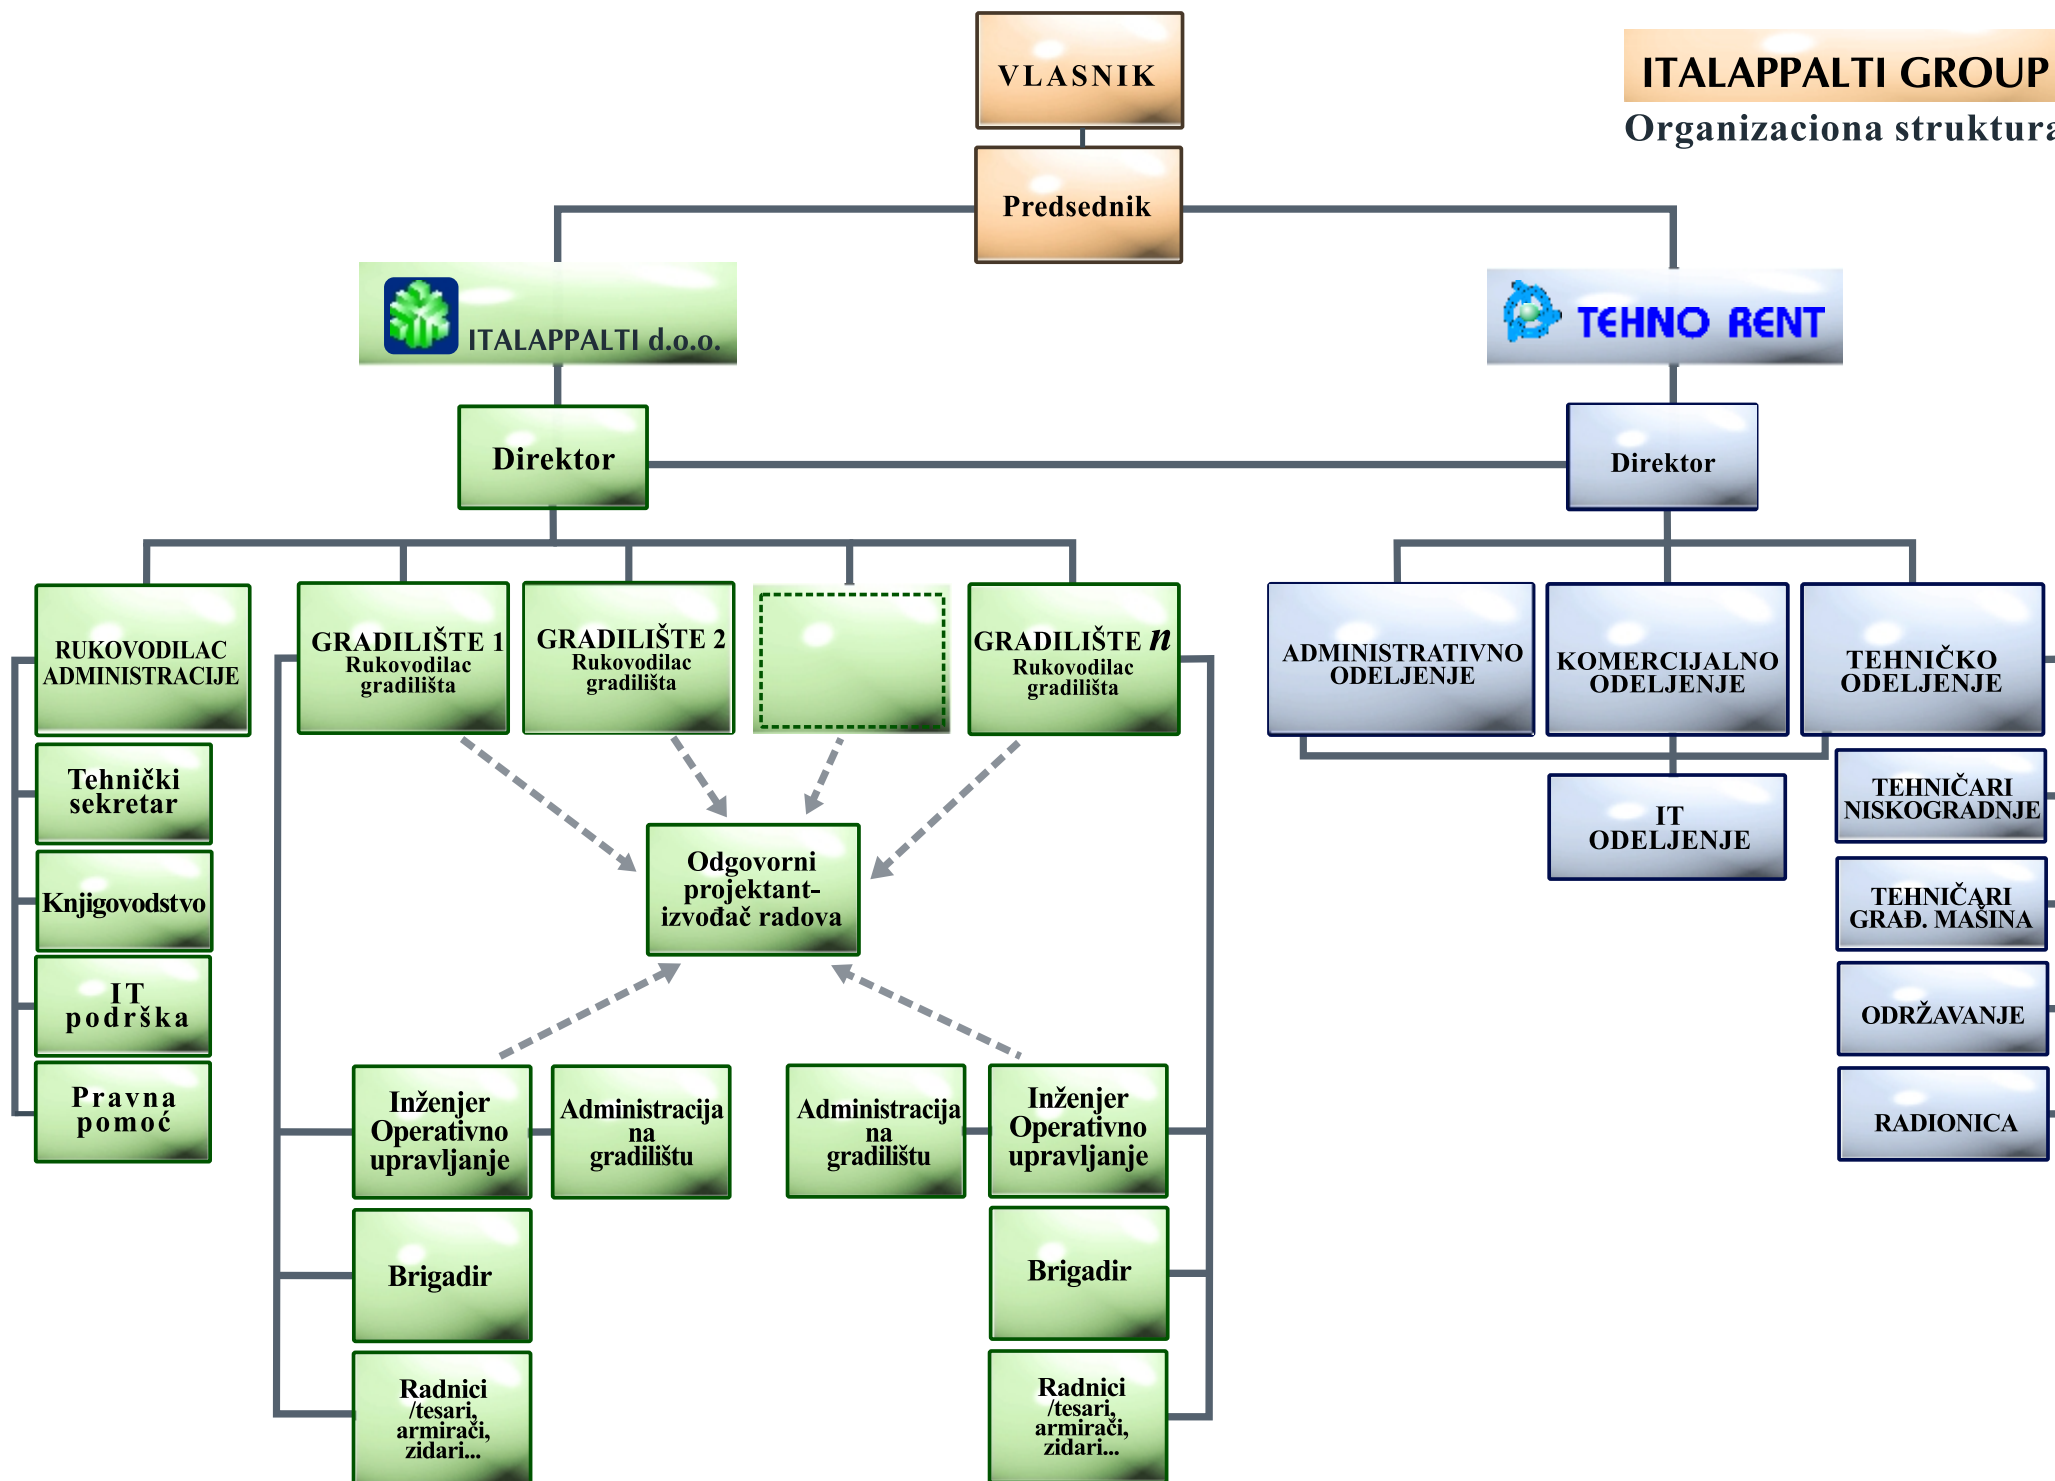

Italappalti Group is acting on the traditional business ethics in order to ensure the loyalty and trust of its clients and to maintain its reputation of a reliable business partner or associate. One of its essential ethics aims is to create firm and long-term business relationships.

There are three types of characters - those who make things happen, those who watch things happen and those who wonder what happened.

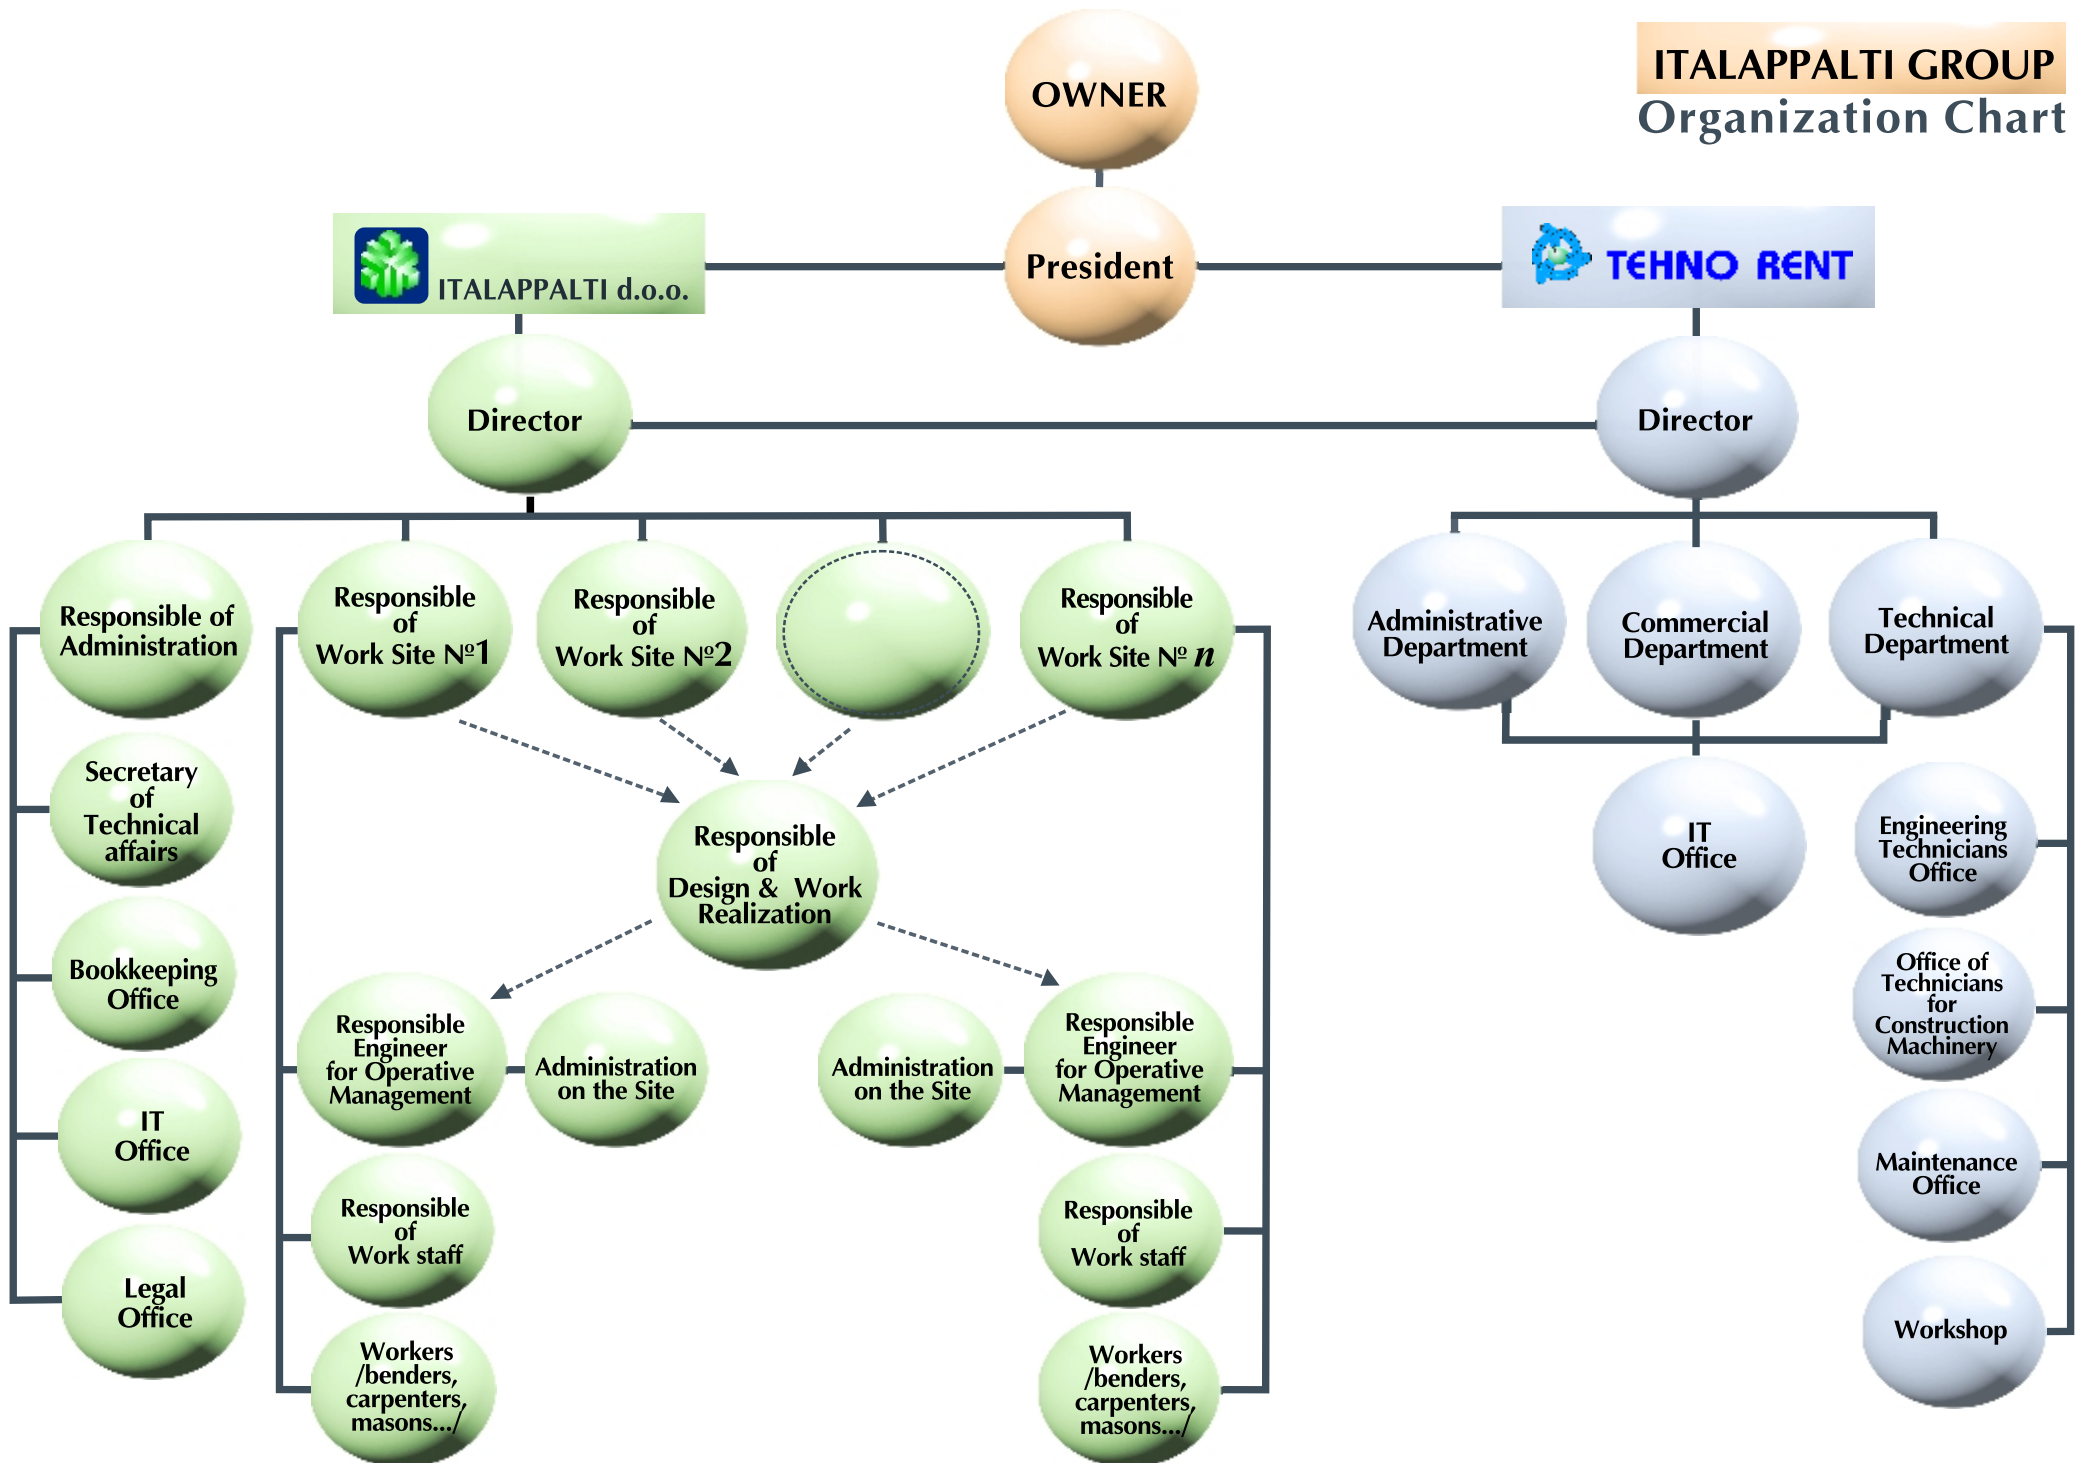

**Italappalti Group is that one
WHO MAKES THINGS HAPPEN!**

Kadrovski resursi

Personnel resources

Italappalti grupa je uspostavila modernu poslovnu strategiju u skladu sa novim tržišnim uslovima u kojima element radne snage zauzima suštinsku poziciju.

Italappalti Grupa raspolaže sa tehničkim i administrativnim osobljem visokog stručnog nivoa, koje pokriva različite radne pozicije, od tehničkih i administrativnih direktora, tehničara, operatera veštih u relevantnim oblastima, do običnih operatera na gradilištu, ili u kancelarijama.

Italappalti posluje po principu Globalnog organizacionog sistema, koristeći veštine i sposobnosti kompanija Grupe, u Task formi, za realizaciju određenih poslova.

Svim tim poslovima pažljivo upravlja ključni tim iskusnih menadžera koji su svoje dragoceno znanje stekli kroz iskustva u investicionim projektima iz raznih oblasti.

Ovaj metod rada često je primenjivan i pokazao se kao veoma uspešan.

Italappalti Group has established a modern business strategy in accordance to new market conditions in which the element of Labor Force is taking an essential position.

Italappalti Group is staffed with high level technical and administration personnel which cover different job positions from technical and administrative directors, technical and administrative technicians, operators skilled in relevant fields of activity, up to simple operators on the job site or office facilities.

Italappalti Group operates also by the Global Organization System, utilizing the skills and capabilities of its members in Task Force Organization Form in realization of certain jobs.

All these jobs are meticulously managed by its Key Team of recognized projects managers who gained their valuable knowledge through their experiences in investment projects of various fields.

This method of working has been place many times now and has always proved most successful.

Kadrovski resursi

U nekim slučajevima, Italappalti Grupa svoj visoko kvalifikovani kadar integriše sa kvalifikovanom lokalnom radnom snagom, i taj metod se takodje pokazao uspešnim.

Italappalti Grupa permanentno poboljšava svoje kadrovske resurse, primajući nove inženjere i tehničare u svoj radni sastav.

Italappalti Grupa ima u stalnom radnom sastavu oko sedamdeset zaposlenih, medju kojima su inženjeri, tehničari, kvalifikovani radnici, administrativni službenici. Pored toga, Italappalti Grupa angažuje i spoljne saradnike, medju kojima su i doktori tehničkih nauka, ali i kvalifikovani radnici određenih profila. Celokupan permanentni i Task Form radni sastav Italappalti grupe su srpske nacionalnosti.

Italappalti Grupa fokusira svoju politiku radne snage na sledeće karakteristike:

- Visok nivo specijalizacije
- Optimalna dinamička struktura
- Efikasno upravljanje
- Sposobnost kadrova da koriste najnovije hardverske opreme i softverske opcije.

Personnel resources

In some cases in a project realization, Italappalti Group is using to integrate the local qualified labor force to its own high – level technical personnel and that method has been proved successful, too.

Italappalti Group is permanently improving its personnel resources, adding new engineers and technologists among its staff.

Italappalti Group has approximately seventy permanent employees, including engineers, technicians, skilled workers, administrative officials. In addition, the Italappalti Group is using to engage external collaborators, as some doctors of technical sciences, as well as skilled workers with specific qualifications.

Italappalti Group is focusing its labor force policy on the following features:

- Its high level of specialized personnel;
- Its dynamic structure;
- Its efficient management;
- Capability of its personnel to use the latest hardware equipment and software options.

Sertifikati kvaliteta

Kompanije Italappalti Grupe poseduju sertifikate najpriznatijeg standarda kvaliteta, kao što je ISO 9001:2008.

Stalno primenjujući i ažurirajući potvrđeni metod, Italappalti Grupa je u stanju da garantuje kvalitet svojih usluga, čineći svoje klijente sigurnima da njene usluge zadovoljavaju potrebne standarde kvaliteta.

Prema tom standardu, Italappalti Grupa je ustanovila sopstveni Poslovník o radu vezan za kontrolu projekta i kvaliteta, kao Pravilnik o bezbednosti i zdravlju.

Quality certificates

All members of Italappalti Group are approved by the most recognized quality standards certificates, such as ISO 9001:2008.

Permanently applying and updating that policy, Italappalti Group is capable of guarantying the quality of its services and of assuring its clients that these services satisfy the required quality standards.

According to that Standard, Italappalti Group has established its own Rules of Procedure for Project Control and Quality Assurance, as well as Safety & Health Rules and Regulation.
